About This Game

Inside a hidden vault sits a mysterious object that has been sought after for centuries!

Chelsea Connor, a bold and intelligent American journalist discovers the compelling evidence suggesting that the vault may contain the answers behind the mysterious death of her father 20 years ago. The only information Chelsea has about the vault is that it can only be opened by a single key. Thanks to an ancient and powerful necklace, Chelsea is able to track down the vault and its key.

But danger awaits as Chelsea will come face to face with her father's assassin! Will she too suffer the same fate as her father?

Fascinating plot combines true historical facts and ancient legends to the modern-day search

Exotic locations transport players from Alexandria to the Golden City

Intriguing riddles and puzzles seamlessly integrated into the plot keep players in the action

Challenging mini-games create a fun way to solve the mystery

Unplayable game. The first 2 games in these series are ok, but the rest is is just bad. HOG's are a nightmare, since the game doesn't recognize anything you click. And you can't skip them. This must be the worst Hidden Object game I have ever played.
